**Subject:** Niagara Falls Boulevard Site Shut Down

Good Afternoon:

I have some unfortunate news. I have been instructed by my management to shut down NFB site due to lack of funding. The earliest we will return to NFB Site for removal work will be Spring 2018. We will have to mobilize at the site to remove the trailers, containers and equipment that is still staged currently at the site. This should take 7-10 days and is tentatively planned for the week of July 31<sup>st</sup>.

This lack of funding also means there will be no removal work conducted at the other Niagara County Radiological Sites. In addition to funding, Holy Trinity Cemetery still needs a finalized action memo based on current assessment results and we still need to determine if 738 Upper Mountain Road is eligible for a removal.

Chris Jimenez and I would like to have a phone conference with public affairs on how we will inform the public, property owners and local/state agencies.

I will put out an invite for tomorrow in the hopes that there is availability. We can go from there. Thanks

Regards,

Eric M. Daly
